

## Chapter Three (b): Clearing the Cache

### Summary of Chapter:

- How to Clear the Cache on your NetPilot.

### What you need:

- Knowledge of admin user account and valid password for your NetPilot.

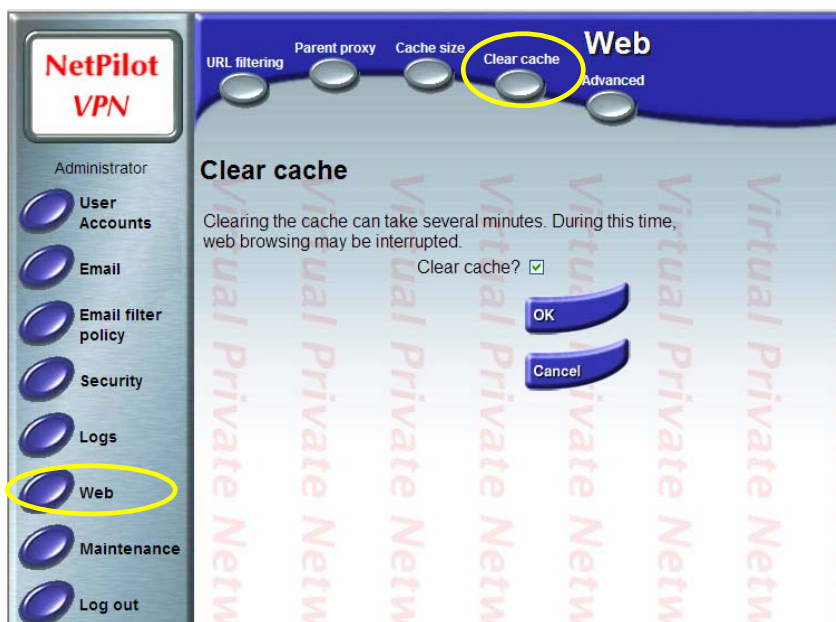

### Software Revision Required:

- Applicable to software revision 4.1.4 > NetPilots

### Clearing the Cache

- Log on to the NetPilot as shown in Chapter One (b).

- Select the 'Web' button on the left-hand side of the screen and then the 'Clear' button at the top of the screen and you will be presented with this screen: (both buttons are highlighted below)

- Select the tick box 'Clear cache?' and click on 'OK' and then 'OK' again.

Web browsing may be interrupted for the next 20 minutes.

Clearing the Cache does not delete the fileshare/personal pages
