

## Chapter Three (b): Registering your Pilot

### Summary of Chapter:

- How to register your Pilot on-line

### What you need:

- The MAC address of your Pilot, this can be found on the back or bottom of the Pilot. (Below is a picture of the label; the MAC address is highlighted.)

- General information about yourself, your Network and product you have.

(Net/CachePilot will be referred to as 'Pilot'. All image examples are of a NetPilot.)

### Registering the Pilot:

- Please go to our website <http://www.equinet.com>

- As shown below, select 'Support' as highlighted below from the menu-bar at the top of the screen.

- From the left hand column in the next screen, shown below, select 'Registration'.

 You will see this screen next, please enter your Pilots MAC address in the text box provided.

 Once you have entered in your MAC address, please enter the correct details and information into the text boxes provided.

 You should see a confirmation screen saying that your Pilot is registered after you select the 'Continue' button.

Also you will receive an email with all the information that you have entered. This email will also be sent to members of Staff at Equinet, so they can keep your details in our records.
