

New Equinet NetPilot Aladdin-09 trade up details

There are a large number of older NetPilots and other manufacturers' appliances still operational. However, these older devices are now not up to the latest UTM standards. Here is the ideal trade-up scheme to help you move up to the latest NetPilot UTM technology – at minimal cost! The new Aladdin-09 scheme has been extended to include trading in other manufacturers' appliances, including:

- **Sonicwall**
- **Watchguard**
- **Cisco**
- **Fortinet**
- **Juniper / Netscreen**
- **Inty / Exoserver**
- **Other - just about anything qualifies – any internet access product or security appliance.**

Offer Highlights

 - **A full 12 month subscription to Email Policy – controlling what your employees send and receive in email – includes word and attachment scanning by size and type.**
 - **Auto Upgrade mechanism means keeping up to date in the future is very easy.**

How does the Aladdin-09 Scheme work?

- You apply for an Aladdin-09 upgrade voucher online at www.netpilot.com/voucher
- Equinet will email you an Aladdin-09 voucher. You place an order on your reseller for your new Aladdin-09 NetPilot Plus **at £1495** or new Aladdin-09 NetPilot Enterprise **at £2995 quoting the voucher number**.
- No Voucher - then "Computer says No"! The Scheme ends 31st December 2009.
